II. AFFILIATED BODIES AND EFFORTS TO VITALIZE WORK IN NEW AREAS

During the year under report there were 19 District Probation and After-Care Associations and the Released Prisoners' Aid Society, Ahmedabad affiliated to the State Association, thus making a number of twenty affiliated agencies. No new District Probation and After-Care Association could be formed during the period.

Though the Kaira Association has been affiliated during 1950-51, it was not possible for that Association to start active work.

The District Probation and After-Care Association, South Satara, Sangli has opened a new Remand Home during the year.

The District Probation and After-Care Association, Poona has opened a new Remand Home at Baramati during the year.

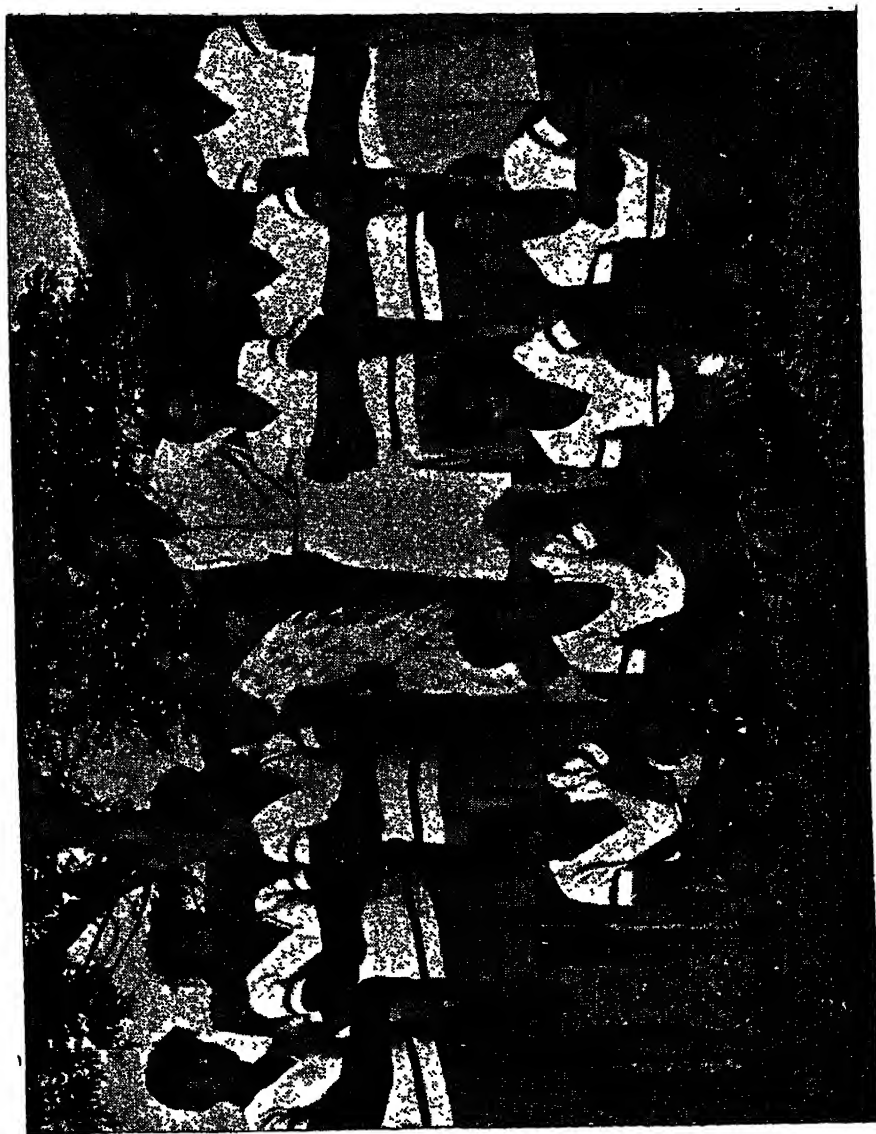

III. WORK UNDER THE BOMBAY CHILDREN ACT, 1948

Appendix III will give an idea of the amount of work done by the District Probation and After-Care Associations under the Bombay Children Act during the period under report. The whole of the Bombay Children Act has been made applicable during this period to the following new areas :—

- (a) The Municipal limits and the Railway Station premises of Sangli town w. e. f. 14th April 1952.
- (b) The Municipal areas of Baramati and Dhond including the Railway Station area w. e. f. 28th April 1952.
- (c) The Railway and town areas of Miraj ;
The Railway and town areas of Madhavnagar ;
The town areas of Budhagaon ;
The Railway area of Vishrambag and Wanlesswadi
Railway Stations, w. e. f. 26th September 1952.

IV. WORK UNDER THE BOMBAY BORSTAL SCHOOLS ACT

Correction of adolescents is a very important and relatively difficult phase of our work, and so far as the Bombay Borstal Schools Act 1929 is concerned the State Association is responsible for the pre-licence enquiries, after-care and follow-up of the Borstal lads. These lads many a time come from other States where there are no After-Care Associations and it becomes very difficult to complete enquiries in their cases. However Probation Offices and similar agencies from Bengal, Uttar Pradesh and Madras are found to be very helpful to us in this regard.

Children at Play

So far as after-care is concerned, this State has 7 After-Care Hostels out of which two are more than full and hence it is found very difficult to house the homeless lads from the Borstal School.

Secondly, the relation between the place where the lad is to be rehabilitated and the training in industry that he has received, must be carefully considered.

A careful scrutiny of cases which have been closed as 'failures' indicates that this relation has not been or could not be effectively considered. The need of more hostels has also to be considered since it is reported that two out of the seven hostels have already written to the Secretary of the State Association that they cannot admit more lads.

In the year under report, 129 lads were released on licence, 142 were under supervision, 48 were closed as 'Successful', 16 closed as 'failures' and 8 closed as 'lost sight of'.

V. WORK UNDER THE BOMBAY PROBATION OF OFFENDERS' ACT

Appendix IV shows the work done in various districts of the State by the respective District Probation and After-Care Associations.

In Bombay, this work is carried out by one of the Chief Officers of the Bombay State Probation and After-Care Association and his office. During the year under report, 652 cases had been referred to the Probation Officers by the Bombay Courts as against 663 in 1951-52. 57 Offenders have been placed under supervision of the Probation Officers. Last year, the number of supervision cases was only 11.

Thanks are due to the Chief Presidency Magistrate, Bombay who has rendered much help in organising the work under this Act in Bombay on a higher level.

VI. AID TO RELEASED PRISONERS

The work of aid to released prisoners was done during the year by the Released Prisoners' Aid Society, Ahmedabad as also by the District Probation and After-Care Associations at Nasik and Belgaum. The details of work are as under :—

A Sub-Committee has been formed by the Nasik Association to expand this work in that District.

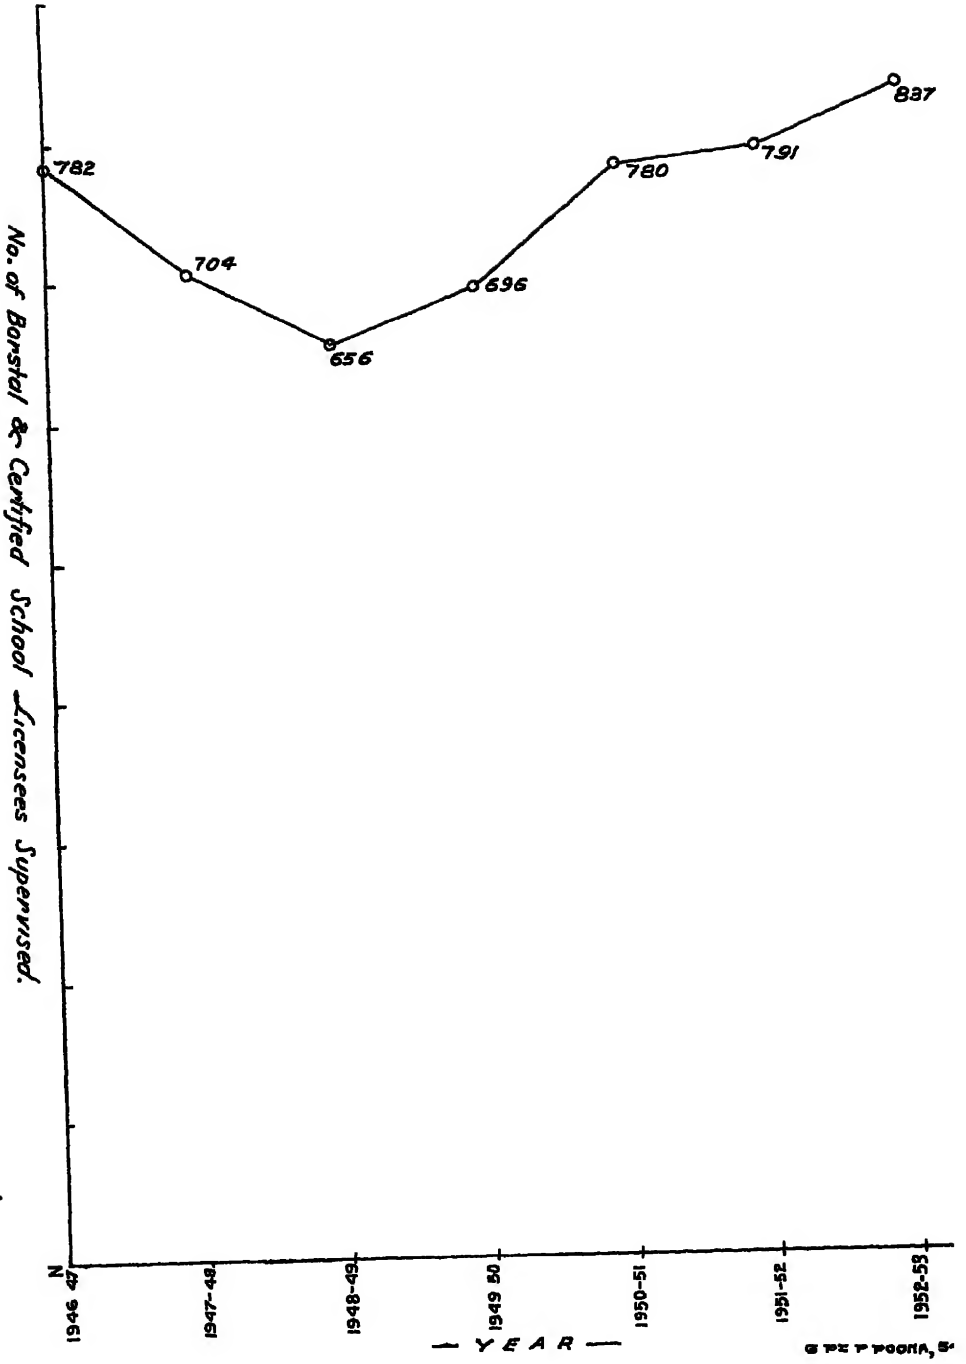

With a view to providing social services for released prisoners, it was agreed by the Managing Committee that one representative of each District Probation and After-Care Association should be on the Board of Visitors in each Jail and the Superintendent of every Prison should be on the District Committee of each District Probation and After-Care Association.

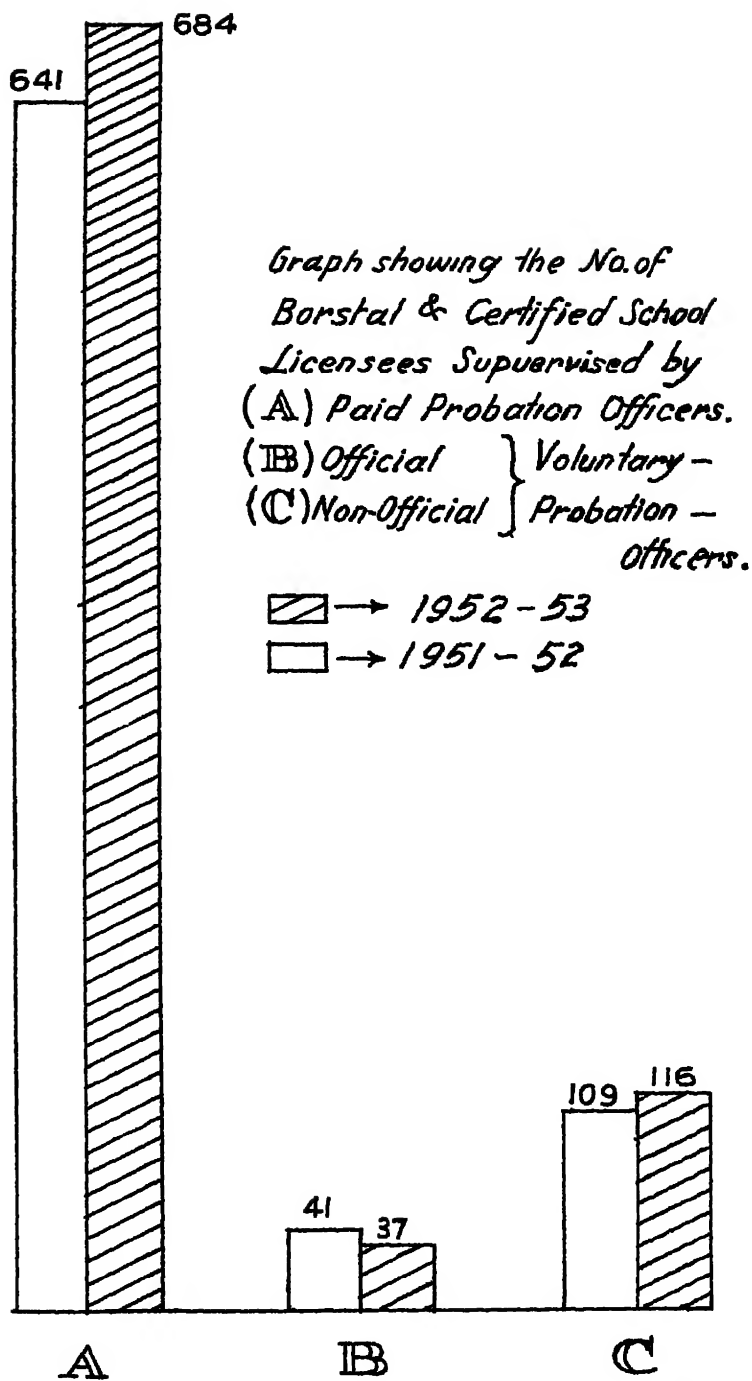

It was also resolved by the Managing Committee that the Bombay State Probation and After-Care Association should affiliate itself with the National Association of Discharged Prisoner's Aid Societies, London, and also to co-operate in the scheme out-lined for dealing with Depoitees sponsored by the Commonwealth Association of Discharged Prisoner's Aid Societies, London. Necessary action has been taken in this respect.

VIII. FOLLOW - UP STUDIES

Appendix IX shows the work done in this respect during the years 1951-52 and 1952-53.

IX. AFTER - CARE HOSTELS

The following are the After-Care Hostels in the State :—

1. Bombay After-Care Hostel.
2. After-Care Hostel of the District Probation and After-Care Association, Ahmedabad.
3. After-Care Hostel of the District Probation and After-Care Association, Belgaum.
4. After-Care Hostel of the District Probation and After Care Association, Poona.
5. After-Care Hostel of the District Probation and After-Care Association, Dharwar (Hubli).
6. After-Care Hostel of the District Probation and After-Care Association, Surat.
7. A Home run by the Released Prisoners' Aid Siety, Ahmedabad.

The Bombay-After-Care Hostel is under the direct control of the Managing Committee of the State Association. On 31st March 1952 there were 38 inmates in the Hostel. During the year under report there were no new admissions due to scarcity of accommodation among other reasons. During this period 10 inmates left the Hostel and on 31st March 1953 there were only 28 inmates. All of them are ex-licensees, while, in fact the Hostel is chiefly meant for licensees. These ex-licensees have been in the Hostel for a long time because alternative accommodation for them elsewhere has been extremely difficult to secure.

Almost all of these ex-licensees are employed and, their general health is good. Dr. Y. K. Doshi, M. B. B. S., has worked throughout the year as the Honorary Medical Officer of the Hostel. Messing arrangements at concessional rates at the Hostel have been temporarily discontinued in order to curtail unnecessary expenses to the Association and also to help the ex-licensees to stand on their own legs.

Government have already given to the Association the possession of a piece of land at Chembur and have also approved the plans and estimates for the construction of buildings for the Hostel.

Shrimati T. M. Premchand, delivered her Presidential address as follows :—

This is the eleventh Annual General Meeting of the State Association. Three meetings of the Managing Committee were held during the year. The attendance of the Members at these meetings was quite satisfactory.

Though the Kaira Association has been affiliated two years back, it was not possible for that Association to start active work. Preliminary arrangements for opening of a Remand Home at Nadiad are complete now. The Association has collected funds to the extent of Rs. 2,600 and have also secured buildings for the use of the Remand Home. The Bombay Children Act has also been extended to certain Municipal limits of the Kaira District. We very much hope that Kaira Association will start work very soon.

Three new District Probation and After-Care Associations at Baroda, Dhulia and South Satara, Sangli, have been affiliated to the State Association since the last Annual General Meeting in November, 1951, and all of them have opened their Remand Homes.

The District Probation and After-Care Association, Poona has opened a new Remand Home at Baramati during the course of this year.

During the year the whole of the Bombay Children Act was made applicable to the following areas :—

Municipal limits and Railway Station premises of Sangli with effect from 14th April 1952.

Municipal areas of Baramati and Dhond including the Railway Station areas of the latter, in Poona District.

Children learning paper-work

The Railway and town areas of Miraj	} with effect from 26th September 1952.
The Railway and town areas of Madhav- nagar.	
The town area of Budhgaon,	
The Railway area of Vishrambag and Wanlesswadi Railway Station.	

The Bombay Probation of Offenders Act has been extended to following new areas :—

Municipal limits of Baroda City in Baroda District with effect from 1st August 1952.

Municipal limits of Sangli, Miraj, Budhgaon and Madhavnagar of South Satara, Sangli District with effect from 10th September 1952.

The Chief Officer, Bombay, is assisted by 5 Probation Officers in working out the Bombay Probation of Offenders Act in the City of Bombay. The Secretary of the State Association discussed the difficulties that came in the way of the proper working of the Bombay Probation of Offenders Act with the Chief Presidency Magistrate, Bombay, and consequently instructions were issued in this respect to the Presidency Magistrates and Probation Officers and since then the quality of work is gradually improving.

Probation without supervision is not very helpful. But supervision cannot be imposed on probationers who are aged 26 and above. Hence we should ask for amendment of the Act, for removing restriction of age limit, so that offenders can be placed on probation irrespective of age, and thus they may be helped. Dr. Reckless and Dr. Galway, Experts of the U. N. on the subject, have also advocated such a measure.

The Released Prisoner's Aid Society, Ahmedabad, is very regular in sending monthly reports and their work in this respect is satisfactory. The District Probation and After-Care Associations at Poona and Ahmednagar have also shown some interest in this work during the course of the year.

Just to give you an idea about the work in this respect I will give you figures pertaining to the period from December, 1951 to November, 1952.

Name of Institution	Cases under supervision	Cases closed as 'successful'	Cases closed as 'failures'.
1. Released Prisoners' Aid Society, Ahmedabad	45	7	2
2. Bombay	25	8	..
3. Poona	7	..	1
4. Ahmednagar	6

Looking to the successful working of the Released Prisoners' Aid Society in this respect, we feel that all Associations should take up work in this line of work also.

The work of pre-licence enquiries, supervision, and follow-up in respect of Borstal School lads is being done by the Bombay State Probation and After Care Association. During the year under reference the Governor, Borstal School, Dharwar, referred 183 cases of lads to the office of the Secretary, Bombay State Probation and After-care Association for conducting home enquiries, out of which 126 lads were released on licence. Out of these 126 lads, 33 lads have settled well in life and only 7 lads have absconded. In respect of the remaining cases enquiry reports have not as yet been received. The delay in completing enquiries is due to following facts. :—

District Probation and After-Care Associations are not established in all the Districts of the State viz. Greater Bombay, Banaskantha, Mehsana, Amreli, Dangs, Panch Mahals, Kolaba and Ratnagiri.

There are cases of children of other States of the Indian Union also.

Lads who have completed their training and treatment in Borstal School generally find it difficult to get employment outside, as the present institutional training and treatment do not suit the needs and demands of the employers as can be seen that out of 119 cases, only 33 lads are employed.

This is also mainly due to dual control of the Prisons Department and the Juvenile Branch and certain causes beyond our control like depression etc.

As far as the After-Care Hostel Bombay, is concerned we have discussed this question in the After-Care Hostel Sub-Committee meetings. By the amalgamation of the Sheppard After-Care Association mostly the problem of time-expired boys residing in the Hostel has created unfavourable atmosphere. Most of the boys residing in the hostel are those who have finished

their licence period. Efforts are being made to find them accommodation elsewhere. During the last few months 6 or 7 boys have been found accommodation elsewhere. All the boys are well-settled. Some boys are in the hostel for period ranging for 16 years.

The work put forth by District Probation and After-Care Associations despite existing financial conditions, was satisfactory. However, efforts should be made to spend available money more and more economically. We have much hope that we will be able to establish a Probation and After-Care Association in Bombay.

Thanks are due to District Probation and After-Care Associations.

Greater efforts are necessary to start District Probation and After-Care Associations in those districts of the Bombay State where there are no such Associations, even though there may be at present not enough work under the Bombay Children Act, as when the net-work of District Associations is complete in the whole State, it would facilitate the work of the State Association not only under the Children Act alone but under all the three social legislations.

On the conclusion of the Presidential address the Vice-President Shri. K. J. Khambata moved a hearty vote of thanks to the Chair. He added that the President's trip abroad was apparently not for pleasure alone. The account given by her was full of valuable information. He also thanked the Secretary, Shri. D. V. Kulkarni.

The Meeting then terminated.

Thanks are due to the Manager, Dead Letter Office, Bombay, for supplying the School with unclaimed magazines every month.

VOCATIONAL TRAINING

The following courses are offered in the School factory conducted by paid instructors :—

- (i) Carpentry and Polishing,
- (ii) Weaving.
- (iii) Tailoring.
- (iv) Agriculture and Poultry.

The average daily number of lads working in the School factory varied from 120 to 130. The working hours are now fixed from 11-0 A. M. to 4-30 P. M.

CARPENTRY

During the year under report, the School had a number of orders for articles of furniture from private bodies and a big order from the Police Department for supply of batons. The turning section was busy throughout the year turning out batons. The orders from private bodies helped the lads in turning out a variety of articles.

WEAVING

This section produced articles of clothing for the use of inmates and textile articles for sale to the public. The turnout, however, was not upto the mark, owing to irregular and insufficient supply of yarn of requisite counts.

AGRICULTURE AND POULTRY

The activities in this section consist of vegetable gardens, dry farming and poultry. About 45 to 50 lads receive practical training in these sections.

Fresh vegetables were supplied to the inmates of the School, throughout the year except for a short period when lbs. 2315 of vegetables had to be purchased from bazar. This was mainly due to the vagaries of the monsoons. The sale proceeds of the surplus vegetables amounted to Rs. 246-4-0 (Rs. 242-10-0).

Out of the total area of 18 acres only 3 acres of land is kept under irrigation which is carried out from water drawn out of the 100 ft. deep wells by bullocks in leather moats. The question of fixing portable pumps over the wells is under consideration and when finalised the out-put will considerably increase. The high cost of maintenance of bullocks and the recurring expenditure over ropes and moats will be saved.

The total yield from the land under dry farming was as below :—

Name of Article	Quantity 1951	Value Rs.	Quantity 1952	Value Rs.
1. Bajri	335 lbs	51	300 lbs.	43
2. Jowar	3803 ..	476	11683 ..	1,418
3. Toor	340 ..	62	902 ..	119
4. Kulthi	281 ..	54	1400 ..	311

POULTRY

The sale proceeds and net profit were as under :—

	1951	1952
Sale of birds and Eggs	Rs. 338-12-0	Rs. 166-4-0
Expenditure over feed etc. „	159-13-0	„ 64-0-6
Net profits ..	Rs. 178-15-0	Rs. 102-3-6

Steps are being taken to expand the industry by constructing 4 more chicken pens.

TAILORING

There are seven sewing machines in this section. The inmates' clothing and uniform of staff were stitched in this Section.

LAUNDRY

This section worked satisfactorily throughout the year. The total profit amounted to Rs. 615-11-0.

SCHOOL BAND

As usual the School band was sent out on hire and there was a good demand for it. This year's earnings amounted to Rs. 1,010. A part of the profit will be utilised for purchasing some new instruments.

P. T. AND GAMES

All the inmates attended P. T. and parade daily for half an hour in the morning. In the evening lads assemble on the playground and participated in games like Foot-ball, Hockey, Volley-ball, Basket ball, Hututu, Atyapatya, etc. This helps them in fostering a team-spirit and also developes their mental and physical faculties. Local teams are occasionally invited to play friendly matches with the School teams which are enjoyed by all.

Route marches and excursions were arranged frequently. The House Masters and other members of staff accompanied the lads on these occasions.

The Indian Republic Day celebrations and Flag Hoisting ceremony on the Independence Day were carried out and talks were given to the lads by the members of the staff on the importance of these days.

SCOUTING

Shri. M. A. Bahamani, Assistant Teacher supervised scouting activities.

DIETARY

The issue of uncontrolled articles was continued to make good the deficit in the prescribed scale under the rationing scheme. The annual average cost per head works out to, Rs. 205-15-4 as against Rs. 225-12-7 of the previous year. This does not include the cost of vegetables condiments, pulses, eggs etc. supplied from school garden and poultry.

FINANCIAL

The gross cost of maintenance was Rs. 1,80,322 (Rs. 2,06,037). The average cost per head comes to Rs. 662-15-1 as against Rs. 717-14-0 in the previous year. If the value of supplies received from School garden and poultry are taken into account the total cost will be Rs. 693-4-5 as against Rs. 744-13-7.

Comparative details of cost on all the lads under the several heads are as under :—

	1951	1952
	Rs.	Rs.
Establishment ..	1,10,141	91,686
Dietary charges ..	64,801	56,020

Supplies to the School amounted to Rs. 9,451-13-5 (Rs. 10,671-14-4). The net profit amounted to Rs. 8,286 (Rs. 10,261). Wages paid to inmates working in the factory amounted to Rs. 1,581 (Rs. 2,651).

The total sale proceeds during the year amounted to Rs. 5,058 (Rs. 4,070) and the total net profit amounted to Rs. 1,150 (Rs. 1,425). The fall in profit is due to less profit charged on articles sold. The details of sales are as under :—

Tea	..	Rs. 1,503 12 0
Snacks	..	„ 1,807 2 6
Fruits	..	„ 237 12 0
